A Bachelor Thesis (*Bachelorarbeit Englisch*) is required in all major program options (see the regulations in the Framework Ordinance §§ 44–45). The thesis module in English can be booked only in the semester after the successful completion of a preparatory Bachelor Thesis Seminar (3 ECTS) in either English Literature or English Linguistics. The thesis is a longer piece of independent work (c. 8,000 words), and therefore it is recommended that students gain as much writing experience as possible in their chosen field before attempting the Bachelor Thesis. The thesis topic will be taken from the same field as the Bachelor Thesis Seminar in which the preparatory work is done. The *Bachelorarbeit Englisch* will be assessed by the Bachelor Thesis Seminar instructor. The Bachelor Thesis is a graded module.
